

GRANT OPPORTUNITY FOR NURSES!

DAISY Health Equity Grant for Research/Evidence- Based Practice: Improving Care and Promoting Healthy Aging of the Older Adult

HONORING NURSES INTERNATIONALLY
IN MEMORY OF J. PATRICK BARNES

Grant opportunities are funded by the Ann L. Hendrich Charitable Fund, in memory of Jim W. Hendrich.

In order to address health disparities related to ageism, The DAISY Foundation is offering grants to support nurses who aim to improve care of older adults. These grants will fund research and evidence-based practice (EBP) that:

- **may reduce ageism** and the associated clinical and psychosocial risks.
- **identify changes in practice behaviors** or improvements to existing or new standards of care that deliver equitable care, regardless of age.
- **develop and measure the impact of educational and experiential case studies** that teach sensitivity toward commonly held negative age biases and/or build cultural awareness to reduce or eliminate them.

GRANT STUDY TITLES

1 Nurse Management of Older Cancer Patient Symptoms

Organization: University of Maryland Medical Center

Principal Investigator: Gyasi Moscou-Jackson PhD, MHS, RN, Nurse Scientist
